About Medicare

Medicare is health insurance for people who are 65 years old or older, or who are under 65 years old with certain disabilities.

Original Medicare is a Federal Insurance Program. It pays a fee for your care directly to the doctors and hospitals you visit. Original Medicare does not cover most preventive care and has unpredictable out-of-pocket expenses.

Medicare Part A (Hospital Insurance) covers inpatient care in hospitals, skilled nursing facilities, hospice care, and some home health care services.

Medicare Part B (Medical Insurance) covers certain doctors' services, outpatient care, medical supplies and preventive services.

Medicare Part C (Medicare Advantage) is an all-in-one alternative to Original Medicare. Medicare Advantage plans include Parts A, B and usually Part D. Some Medicare Advantage plans may have lower out-of-pocket costs than Original Medicare and may cover extra benefits that Original Medicare doesn't – like dental, vision or hearing. Medicare pays a fixed fee to the plan for your care, and then the plan directly pays the doctors and hospitals. Medicare Advantage has predictable out-of-pocket expenses and offers preventive care and care coordination.

Medicare Part D (Prescription Drug Coverage) helps you pay for drugs you get from a pharmacy.

Medicaid Dual Eligibility Coverage Categories

- **Qualified Medicare Beneficiary (QMB):** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts only. You receive Medicaid coverage of Medicare cost share but are not otherwise eligible for full Medicaid benefits.
- **Qualified Medicare Beneficiary Plus (QMB+):** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts. You receive Medicaid coverage of Medicare cost share and are eligible for full Medicaid benefits.
- **Specified Low-Income Medicare Beneficiary Plus (SLMB+):** Medicaid pays your Medicare Part B premium and provides full Medicaid benefits.
- **Full-Benefit Dual Eligible (FBDE):** At times, individuals may qualify for both limited coverage of Medicare cost sharing as well as full Medicaid benefits.

As a QMB, QMB+, SLMB+, or FBDE beneficiary, your cost share is \$0, except for Part D prescription drug copays.

Note – Preventive wellness exams and most supplemental Medicare Advantage benefits have a \$0 cost share.

Eligibility Changes:

It is important to read and respond to all mail that comes from Social Security or your state Medicaid office so you can protect your \$0 cost share status as a QMB, QMB+, or SLMB+ beneficiary.

Periodically, as required by CMS, we will check the status of your Medicaid eligibility as well as your dual eligible coverage category. If you lose Medicaid coverage entirely you will be given a grace period so that you can reapply for Medicaid.

If you no longer qualify as a QMB, QMB+, or SLMB+ beneficiary you may be involuntarily disenrolled from the Plan after a grace period. Your state Medicaid agency will send you notification of your loss of Medicaid. We may also contact you to remind you to reapply for Medicaid as a QMB, QMB+, or SLMB+ beneficiary. For this reason it is important to let us know whenever your mailing address and/or phone number changes.

If you are currently entitled to receive full or partial Medicaid benefits please see your Medicaid member handbook or other state Medicaid documents for full details on your Medicaid benefits, limitations, restrictions, and exclusions. In your state, the Medicaid program can be reached through the office of the Texas Health and Human Services Commission (HHSC).
